Evolution: Abstract Art

September's show by Millie Noback focuses on her progression as an artist. Watercolors, acrylics, inks on Yupo are all represented in her abstract show. She is displaying many new pieces this month and has been

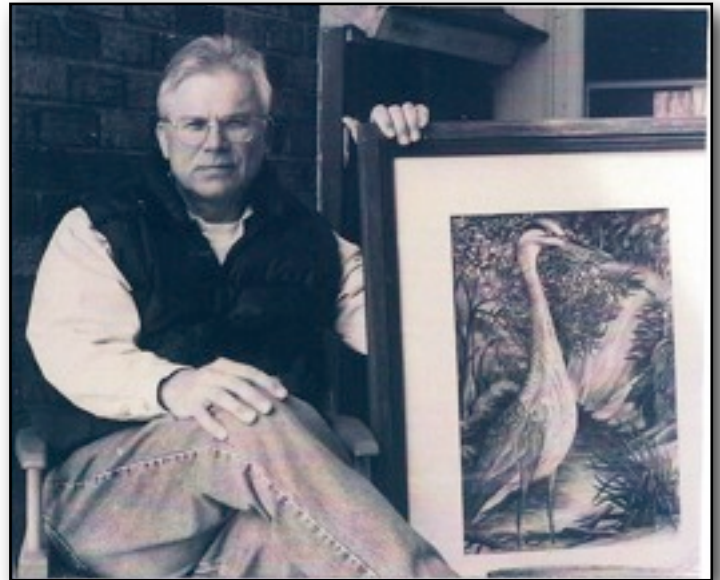

experimenting with different mediums as well. Her inspiration comes from the feelings, the emotional state of being she is feeling during her work and from her imagination. She has won awards from both HAAG and York Arts Association and many others. Please stop by her opening reception on September 11th from 1-4 PM.

Mini Show by Gary Gasowski

This month's Mini Show is a compilation of watercolors and water color pencil drawings of rural York County and around the artists home. His education in art began at an early age beginning with his father who was a fine and commercial artist-from there, as they say, the rest is history. Over the years he has studied art both formally and informally while completing a medical degree. His passion for art has won him

numerous awards as well as given him the opportunity to display his work in many beautiful artist shows.

Photographers in the Photography Show-please remove all but 2-3 of your pieces by September 6th please-thanks for your cooperation-the show is beautiful!!!!
